ABOUT ME

I am a Chilean woman looking for new and more experiences in life, that's why I applied for a Working Holiday Visa and came to Australia.

I am a polite, proactive, enthusiastic, efficient, fast learner and team worker. I am also an open minded person and respectful with cultural values.

I'm very passionate when an idea comes to my mind, therefore I'm currently looking for the possibility of extending my visa through hospitality or farm jobs and contribute my best to this country.
