ABOUT ME

I'm Alex, 31 years old with a dynamic background in Motor Sciences and Languages. During the winter, I channel my passion for snow sports as a snowboard instructor, sharing my skills and enthusiasm with others. In the summer, I bring my culinary flair to a bustling food truck, crafting delicious burgers, engaging with customers and managing the register. I also have worked in restaurants and bars, doing all kinds of different tasks (front and back of house).

My hands-on experience extends to the Decathlon workshop, where I honed my skills in bike repair and gained valuable insights into skis and snowboards maintenance.

I thrive on new challenges and adapt quickly to different environments. Whether collaborating in a team or working solo, I bring energy, a positive attitude and a readiness to learn.

WORK EXPERIENCE
