

Tanna Finch

Although I went straight to university on completing ATAR, I have now deferred my studies preferring to work full time before returning to university. Having played and coached a lot of sport I have a great understanding of teamwork and commitment. Furthermore, my time at school and university provided me with ample opportunities to volunteer my services, and it has helped deepen my understanding of leadership and initiative.

Experiences

Waitstaff, Roasting Warehouse (RWH) South Fremantle – April 2025 - December 2025

RWH is an extremely busy cafe situated on the cafe strip and my duties include table service as well as working behind the counter doing cabinet and drinks service. Due to the demands of high customer numbers, I am an effective and efficient worker in customer service and managing sections.

Bartender, South Street Ale House, Hilton – Dec 2024 - Mar 2025

At South Street Ale House, which mainly served an older demographic, I gained experience in serving alcoholic and non alcoholic drinks as well as bar food, where emphasis was on fast, efficient, no-frills service.

Salesperson, The Athletes Foot (TAF), Booragoon – 2023 - Current

I am a casual employee at this retail store. Here I have learnt the importance of customer service, multi-tasking and efficiency. All employees at TAF receive regular, specialised training to ensure that customers receive the very best advice on footwear choices.

Moo Cow Food truck, South Fremantle Farmers Market – 2022 - 2023

I worked both on the till serving customers and making juices, smoothies and ice-creams. The job entailed customer service, restocking and cleaning. Working in the confined space of a food truck with limited staff numbers, I learnt to work quickly, competently and efficiently.

Iona Presentation College, Mosman Park – 2020 - 2023

While a student at the College, I was employed as a member of the casual coaching/umpiring staff.
