About

I am a Bachelor of Engineering (Honours) student at Curtin University and a hardworking, detail-oriented team player with hands-on experience in fast-paced hospitality and event environments. Currently I work as a Back of House Crew Member at Hungry Jack's and as Event Staff with Event Services Australia, where I deliver efficient food preparation, maintain high standards of cleanliness and safety, and support excellent guest experiences. I also have volunteer IT support experience from CyberTaipan and hold industry-relevant certificates including SmartMove (General Module), a Business & ICT certificate, and cyber experience recognitions. I communicate clearly in English and Malayalam, adapt quickly to new roles, and am eager to bring my reliability, enthusiasm, and strong teamwork skills to a Bar & Front of House Staff role at Gage Roads Freo Brewery.

Talents & Skills

Attention to detail • Teamwork & collaboration • Customer service • Cash handling • Food safety • Communication • Problem solving • Fast learner

Experience

Event Staff • Event Services Australia

2025 - Present

Provide front-of-house guest service and logistical support at events, including set-up and pack-down, crowd assistance, basic bar and service support, and ensuring guest safety and satisfaction. Learned to communicate effectively with event managers and teams, adapt to different venue requirements, and maintain professional presentation and service during high-attendance events — experience highly relevant to brewery hospitality and front-of-house roles.

Back of House Crew Member • Hungry Jack's

2024 - Present

Perform fast-paced food preparation, ensure compliance with food safety and hygiene standards, maintain kitchen cleanliness, assist with stock rotation and inventory, and support front-of-house staff during peak periods. Developed reliable, efficient workflows to reduce order times and contributed to a positive team environment. Gained experience following safety procedures and working under pressure in a busy quick-service setting.

IT Desk Assistant (Volunteer) • CyberTaipan

2023 - 2023

Supported participants in a simulated cyber work environment, provided basic technical troubleshooting and user assistance, documented issues and resolutions, and collaborated with team members to maintain smooth operations. This role strengthened my problem-solving, attention to detail, and communication skills in a technical context.

Education

Bachelor of Engineering (Honours) • Curtin University

2025 - Present

Current undergraduate engineering student developing analytical, technical, and project skills. Coursework includes mathematics, physics and engineering fundamentals. Balancing studies with part-time hospitality and event roles; focused on learning practical problem solving and teamwork.

WACE Year 12 • WA Senior Secondary Certificate (WACE)

2019 - 2024

Completed Year 12 with ATAR subjects including Chemistry, Physics, Biology, Maths Methods and English.
Recognised with Silver Swan Award (2019-2022) and participated in CyberTaipan program during secondary studies.
